Venue Virtual Meeting

Maruho Research Award

Presenter

Koichi Takagi

(President and Chief Executive Officer of Maruho Co.,Ltd.)

Presentations by award winners

Prof. Masayuki Amagai (Keio University)

Chairs

Prof. Shinichi Sato (The University of Tokyo)

Prof. Kenji Kabashima (Kyoto University)

Basic research award

-- **Dr. Tadahiro Kobayashi** (Kanazawa University)

Regulatory B1a Cells Suppress Melanoma Tumor Immunity via IL-10 Production and Inhibiting T Helper Type 1 Cytokine Production in Tumor-Infiltrating CD8⁺ T Cells.

J Invest Dermatol. 2019;139:1535-1544.

-- **Dr. Shota Takashima** (Hokkaido University)

Efficient Gene Reframing Therapy for Recessive Dystrophic Epidermolysis Bullosa with CRISPR/Cas9. *J Invest Dermatol.* 2019;139:1711-1721.

-- **Dr. Sonoko Takahashi** (RIKEN Center for Integrative Medical Sciences)

Homeostatic Pruning and Activity of Epidermal Nerves Are Dysregulated in Barrier-Impaired Skin During Chronic Itch Development. *Sci Rep.* 2019 ;9:8625.

Clinical research award

-- **Dr. Wakana Matsumura** (Hokkaido University)

Cultured Epidermal Autografts From Clinically Revertant Skin as a Potential Wound Treatment for Recessive Dystrophic Epidermolysis Bullosa. *J Invest Dermatol.* 2019;139:2115-2124.

Selection committee members for Maruho Research Award (* : Executive member)

Prof. Shigetoshi Sano Kochi University

Prof. Akemi Yamamoto Asahikawa Medical University

Prof. Tamio Suzuki Yamagata University

Prof. Masayuki Amagai* Keio University

Prof. Masashi Akiyama Nagoya University

Prof. Akimichi Morita Nagoya City University

Prof. Shinichi Sato* The University of Tokyo

Prof. Manabu Fujimoto Osaka University

Prof. Kenji Kabashima* Kyoto University
